

**Message from the Conference Organizer, Jamaica Association of Public Health Inspectors,
JAPHI**

The historic JAPHI hosted 2nd IFEH Academic World Conference on Environment Health which took place October 22-26, 2017 at the Hilton Rose Hall Resort and Spa, Montego Bay, Jamaica. The theme of the conference was “One Health, One Global Environment”.

Delegates and participants numbered over 300 from 18 countries representing all continents. Over 50 keynote speakers, plenaries, oral presentations and posters were on show. The main keynote speaker was Dr. Sheryl Stroud, Executive Director, One Health Commission, and BAY-C, the highly acclaimed “One health musical ambassador” performed at the Opening Ceremony.

Delegates and participants complimented the conference organizers for a great conference and some openly expressed that it was “the best conference” they ever attended. JAPHI is proud to have hosted this conference and looks forward to future collaborations with the IFEH.
